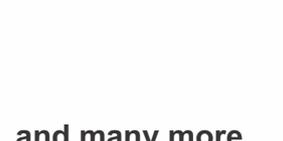

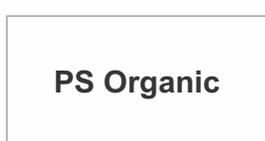

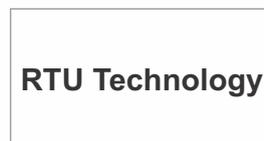

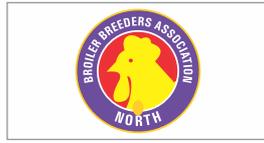

Exhibiting the Future of AQUA Industry

The Aquaculture Expo 2024 successfully took place in Greater Noida, Delhi NCR, India. The event succeeded in attracting visitors from almost every part of the Indian subcontinent and also from abroad. The show featured a high proportion of exhibits with exclusive national and international visitors, as well as a comprehensive product range from market leaders in India. The Aquaculture Expo 2024 was a confluence of international and national manufacturers and dealers showcasing their latest products, technologies, equipment, etc., to meet and network with the trade industry as well as end-users, with the main aim of discovering new business opportunities. The Aquaculture Expo is the best public interactive platform for resource sharing, product purchasing, and brand display for the people and the industry. The encouraging feedback from the participants points to a bigger show in the coming edition.

The event was supported by the reputed industry associations Foundation For Aquaculture Innovation and Technology (FAITT), CLFMA of India, and many more. Domestic and International media partners also contributed to its success. Organized by Pixie Expomedia Pvt. Ltd., it has become one of the biggest business carnivals in India.

Testimonial

“ We are experiencing excellent opportunities with a very positive response from Uttar Pradesh, Punjab, and Haryana. Provides valuable connections and outcomes for all participants. ”

- FAITT

“ We have received a very positive response from Punjab, Haryana, and Uttar Pradesh. Additionally, we've received encouraging feedback from Jammu and Kashmir, Uttarakhand, and Himachal Pradesh. We also had the opportunity to connect with several scientists who expressed interest in learning more about our products. ”

- Tufropes Pvt Ltd

“ We've received a positive response from both farmers and students, creating promising business opportunities. The northern states have shown significant interest, making this a highly productive platform for collaboration and growth ”

- Cresco Algae Pvt Ltd

“ We've had a positive response, leading to valuable clients and promising business opportunities. The environment is well-maintained, hygienic, and perfectly suited for fostering productivity, collaboration, and successful business engagements. ”

- FX Multitech Pvt Ltd

“ Primarily focused on Aquarium and Feed, we've seen a positive response in the feed sector. While the response for aquariums has been moderate, the feed segment continues to deliver promising opportunities. ”

- Taiyo Feed mill Pvt Ltd
