THE AQUA EXPO

Aquaculture is one of the fastest growing sectors in India today. India consists of a length of coastal line 8118 KM's. India exported 11,49,510 MT of seafood worth US\$5.96 Billion in 2020-21 with shrimps as the biggest contributor followed by fish. India is the 3rd largest fish producing and 2nd largest aquaculture nation in the world after China. Aqua, the new sunrise sector of the Indian economy, is poised to play a significant role in the near future. Fisheries in India have witnessed a paradigm shift from marine-dominated fisheries to inland fisheries, with the latter emerging as a major contributor of fish production from 36% in the mid-1980s to 70% in the recent past. Within inland fisheries, a shift from capture to culture-based fisheries has paved the way for a sustained blue economy. Despite growth in absolute terms, the real potential of inland fisheries and aquaculture is yet to be realized. The unutilized and underutilized vast and varied resources, in the form of 191,024 km of rivers and canals, 1.2 million Ha of floodplain lakes, 2.36 million ha of ponds and tanks, 3.54 million ha of reservoirs and 1.24 million Ha of brackish water resources offer great opportunities for enhanced production along with livelihood development and ushering economic prosperity. Growth in fish production from 10.76 MMT in 2015-16 to 14.16 MMT in 2019-20; and Value of Fisheries exports from 30,420 Crores in 2015-16 to 46,662 Crores 2019-20 has been sizable. Input-related, social and environmental constraints of aquaculture in India need to be tackled through horizontal and vertical expansion, technology as well as climate change mitigation and adaptation, for sustainable development.

The Aqua Expo : Path to achieving your Growth Objectives

Be a part of The Aquaculture Expo as an exhibitor or sponsor to grow faster in this rapidly growing industry. The Aqua Culture Expo team takes extra care in helping you select the best participation package including stall sizes that help portray your company in the best manner, supporting it with sponsorship packages that highlight your participation, accentuating your presence at the conference and awards and designing dedicated match-making programs. All with the single objective of helping you achieve the highest return on your investment.

A participation at TAEX becomes the most apt marketing solution to generate sales leads, launch a new product, brand your enterprise, network with existing and potential customers, benchmark against competition, enter new markets and attract new partnerships.

Ways TAEX can help you Achieve your marketing objectives

The Aqua Culture Expo over the three days will create a multipronged spectrum of activities to help you achieve all these objectives and much more through a wide array of activities including but not limited to:

- 1. Exhibition:** The Aqua Culture Expo leading exhibition with 200+ exhibitors displaying a wide array of products covering all needs of buyers from across the country in an environment that is conducive to productive discussions.
- 2. Conference:** A highly focussed conference that will bring together all stakeholders of the sector to discuss, debate and collaborate on growth strategies leveraging proven best practice, cutting edge technologies and shared networks.
- 3. VIP Buyer Program:** TAEX will compile a list of key buyers, basis inputs from the exhibitors and work out a facilitated program to invite them to the event with specially designed features that make it compelling for them to attend. The same is expected to yield a higher return for all exhibitors.
- 4. 1-2-1 Meetings:** Exhibitors opting for some specific packages will get the option of picking up names from the pre-registered buyers for facilitated one-to-one meetings. This works like an added advantage providing you the opportunity to ensure you don't miss out the opportunity of meeting big buyers.
- 5. Social Media Amplification:** We will be running an intensive social media campaign with an extensive reach to our database/followership of about 25,000 professionals... in addition to our general campaigns we will be delighted to develop special promotions for you on an exclusive basis.
- 6. Product Launch Support:** In case you are planning on any new product launches at the event we will be happy to help create that attention and visibility around the same by aligning it with the opening and closing ceremonies, conference sessions, VIP visits etc...
- 7. Post Event Promotion:** we will be producing a post-show report capturing the highlights of the event, key discussions, news on key deals made at the event and the actionable steps arising out of the event. This report will provide another opportunity to showcase your success stories to the industry.

Explore the Best of the Aqua Industry

Fish/ Shrimp Production

- Seed supplies
- Hatcheries
- Cage Culture
- Feeding Systems
- Fishing Nets and Ropes
- Aerators and Pumps
- Fish Tanks

Feed Equipments

- Bagging equipment
- Computers and process control
- Conveying, Dryers
- Fat application
- Grinding and particle size reduction
- Ingredient storage
- Mixers
- Pelleting/ conditioning
- Feed Ingredients
- Logistics
- Conveyors and Dryers
- Mixer and Grinders
- Feed Ingredients
- Feed and Feed Ingredient Manufacturer
- Receiving/ loadout/ transportation

General Facility Items

- Aquaculture Research and Technology
- Clothing, protective
- Electrical systems
- Insect control
- Lighting
- Refrigeration
- Rodent Control
- Sanitation and cleaning products
- Warehousing
- Boiler/steam System
- Chemical Manufacturer

Health Products

- Vaccines
- Testing Kits
- Auto Drones
- Remote Animal Welfare Monitoring Solutions
- Feed Additives & Supplements
- Growth Promoters/Therapeutic Agents

Laboratory Products and Services

- Disease testing
- Environmental testing
- Feed testing
- Laboratory products

- Microbial testing
- Testing Kits
- Effluent Water Treatment Chemicals
- Auto Analysers/ IOT Tools
- Auto Drones
- Pond Management and Services

Aqua Processing

- Automation, robotic
- Chilling
- Cut-up portioning/ deboning
- Fish/ Shrimp-grading and packing
- Fish/ Shrimp processing
- Freezing, chilling and refrigeration
- Further processing equipment
- Packaging equipment
- Packing Materials
- Value Addition
- Automatic Grader and Batcher
- Laser Portion Cutter

Sustainability

- Solar Roofing and Energy-Efficient Building Products
- Electric Equipment and Machinery
- Value-Added Sustainable Packaging Materials
- Composting for Organic Matter
- Water and Feed Management

Why Visit TAEX

- * **Identify New Technologies**
- * **Understand Best Practice**
- * **Develop New Suppliers**
- * **Source new Materials**

Technology is evolving at a rapid pace which is leading to an explosion in new product offerings. The aqua culture expo is your platform to see first-hand, compare, review and procure products, services and technologies that can help take your business to the next level in terms of efficiency and profitability. This comes along with the perks of seeing what your peers are doing.
